

# STUDENT POLICE ACADEMY

The Pittsburgh Bureau of Police offers high school students a chance to learn about police training through the Pittsburgh Student Police Academy (SPA).

The SPA offers students a chance to experience police training and to learn about the roles and responsibilities of the Police Bureau.

The SPA program is free and provides 1.5 hours of training each week for 10 weeks, covering topics such as criminal law, patrol tactics, and police accountability. It also offers exposure to various police operations and specialty units in a safe and entertaining training environment.

All interested students must complete the on-line application for consideration.

**SEATS ARE LIMITED! APPLY TODAY!**
